WARNINGS Read Before Using Your Sega Dreamcast Video Game System

CAUTION
Anyone who uses the Dreamcast should read the operating manual for the software and console before operating them. A responsible adult should read these manuals with any minors who will use the Dreamcast before the minor uses it.

HEALTH AND EPILEPSY WARNING
Some small number of people are susceptible to epileptic seizures or loss of consciousness when exposed to certain flashing lights or light patterns that they encounter in everyday life, such as those in certain television images or video games. These seizures or loss of consciousness may occur even if the person has never had an epileptic seizure.
If you or anyone in your family has ever had symptoms related to epilepsy when exposed to flashing lights, consult your doctor prior to using Sega Dreamcast.
In all cases, parents should monitor the use of video games by their children. If any player experiences dizziness, blurred vision, eye or muscle twitches, loss of consciousness, disorientation, any involuntary movement or convulsion, IMMEDIATELY DISCONTINUE USE AND CONSULT YOUR DOCTOR BEFORE RESUMING PLAY.

To reduce the possibility of such symptoms, the operator must follow these safety precautions at all times when using Dreamcast:
• Sit a minimum of 6.5 feet away from the television screen. This should be as far as the length of the controller cable.
• Do not play if you are tired or have not had much sleep.
• Make sure that the room in which you are playing has all the lights on and is well lit.
• Stop playing video games for at least ten to twenty minutes per hour. This will rest your eyes, neck, arms and fingers so that you can continue comfortably playing the game in the future.

OPERATING PRECAUTIONS
To prevent personal injury, property damage or malfunction:
• Before removing disc, be sure it has stopped spinning.
• The Sega Dreamcast GD-ROM is intended for use exclusively on the Sega Dreamcast video game system. Do not use this disc in anything other than a Dreamcast console, especially not in a CD player.
• Do not allow fingerprints or dirt on either side of the disc.
• Avoid bending the disc. Do not touch, smudge or scratch its surface.
• Do not modify or enlarge the center hole of the disc or use a disc that is cracked, modified or repaired with adhesive tape.
• Do not write on or apply anything to either side of the disc.
• Store the disc in its original case and do not expose it to high temperature and humidity.
• Do not leave the disc in direct sunlight or near a radiator or other source of heat.
• Use lens cleaner and a soft dry cloth to clean disc, wiping gently from the center to the edge. Never use chemicals such as benzene and paint thinner to clean disc.

PROJECTION TELEVISION WARNING
Skill pictures or images may cause permanent picture tube damage or mark the phosphor of the CRT. Avoid repeated or extended use of video games on large-screen projection televisions.

SEGAE DREAMCAST VIDEO GAME USE
This GD-ROM can only be used with the Sega Dreamcast video game system. Do not attempt to play this GD-ROM on any other CD player; doing so may damage the headphones and/or speakers. This game is licensed for home play on the Sega Dreamcast video game system only. Unauthorized copying, reproduction, rental, public performance of this game is a violation of applicable laws. The characters and events portrayed in this game are purely fictional. Any similarity to other persons, living or dead, is purely coincidental.
Yawn! Ready for this?

It's time to lace up your skates and head back to the ice arena. NHL 2K2 explodes onto the Sega Dreamcast to continue the phenomenal series of 2K2 sports games. And hockey has never been this good.

All the hits, all the speed, all the shots, and all the saves—basically everything that you've come to expect from Sega. All of the realism, controls, and amazing graphics are waiting for you inside.

Do you want to play a full season? How about a half season? Just the playoffs? Or what about a tournament with your friends? It's all there. So the puck carrier slides along the boards and delivers a bone-crunching check or hits the open man with a beautiful pass for a perfect one-timer.

So what are you waiting for? All of the great hockey match-ups are right there at your fingertips. Lace up your skates and get your game on. This is hockey, and this is NHL 2K2.

Starting The Game

NOTE: Sega Sports™ NHL 2K2 is a one to four-player game. Before turning the Dreamcast on, connect the controller(s) or other peripheral equipment into the control ports of the Dreamcast. To return to the title screen at any point during gameplay, simultaneously press and hold the A, B, X, Y, and START buttons. This will cause the Dreamcast to soft-reset the software and display the title screen.

Virtual Memory Unit

Jump Pack
**Menu Controls**

**Control Summary**

NHL 2K2 is designed with analog functionality in mind. The SEGA Dreamcast: analog controls provide a fuller range of motion and add to the overall depth of the game. Go to Settings -> Controller to view and configure the controller setup. There are Basic controls for the new player, but added flexibility is given to the more experienced hockey player with Advanced Controls.

To highlight and select specific menu items, press the Analog Stick (or DPad) in the direction of the menu item until it highlights, and press the A button. If you have questions when viewing most menus and screens, press the Y button for Command help.

**Menu Controls**

<table>
<thead>
<tr>
<th>Button</th>
<th>Action</th>
</tr>
</thead>
<tbody>
<tr>
<td>Analog Stick (or DPad)</td>

<td>Command Help Menu</td>
</tr>
</tbody>
</table>

**Offense**

Here's a breakdown of the standard controls when you or one of your teammates has the puck and you are on offense. Use the Deke, Speed Burst and Sidestep to evade the defender and put the shot on net. One of your best chances to score is the One-Timer. Get the pass to your teammate and shoot it as soon as you get the puck. The misdirection can get the goalie out of position for an open look at the net.

**Basic Offense**

</tr>
</tbody>
</table>

**Coach's Corner: Use your teammates**

Hockey isn't played one on one - it's a team game so use the rest of your players. Criss crossing will help you find the man with the best look at the goalie, and the best chance of putting the puck in the basket.
**Coach's Corner: Shoot the puck**

When you get the puck in the offensive end of the arena, shoot the puck. Wrist shots, slap shots, wrap-arounds, and one-timers: the more shots you put on goal the better your chances are of scoring.

**Advanced Offense**

**Offensive Moves with the Puck**

</table>

**Coach's Corner: Controlling the shot**

Direct your shot by using the analog stick while shooting the puck. Look where the goalie is setting up and use it to your advantage. If he has flipped onto his back, press up on the analog stick while shooting to send the puck high. If he's still on his feet, you can try going five hole (between his legs) by pressing down on the stick while shooting.

**Coach's Corner: Two Line Pass**

You've got a teammate flying down the right wing and you make the pass but when he touches the puck, the referee whistles the play dead. You have to be careful when you make long passes in the NHL. If the puck crosses a blue line and the red center line without being touched by another player, it is considered a two line pass. (When you do this the play will stop and you will have to face-off where the two line pass originated).
**DEFENSE**

You have to play a strong defense to win at hockey. Check the other team's clashes early and often. The other team can't score if you keep them out of your zone.

**BASIC DEFENSE**

Coach's Corner: Control the rebounds

A lot of times the goalie will make the initial save, but the puck will ricochet off his pads. The puck invariably ends up in the hands of the attackers and the second shot sneaks past the goalie. When you're on offense make sure you follow your shot in to the goal to try for that second chance. When you're on defense, check the shooter and get to the rebound as quickly as you can.

Fighting

With all of the physical play, it is understandable that tempers flare. As the game gets more physical the chances of a fight increase. When they do drop the gloves, the players will square off and you'll have the chance to duke it out. Don't get too excited if you win though - both players will leave the ice with a 5 minute major penalty.

<table>

Coach's Corner: Get in control of the game

When you see this icon on screen, don't bother trying to change lines, aggressiveness or face-off formation. This icon indicates you are locked out. The home team is allowed the last change before a face-off. See page 13 for Coaching Strategies controls.
GAME SETUP

There are several game modes you can play in NHL 2K2: Quick Start, Exhibition, Season, Playoffs, and Tournament. Here are all of your options from the main menu:

Exhibition
Pick any two teams and go at it one on one. This is a great way to practice before heading into your season or when you're playing against a friend.

Season
Get ready for either a full 82 game or half 42 game season. Guide your team through the regular season and then on to the playoffs if your team is good enough.

Playoffs
Do you want the exciting chase of the Stanley Cup but without the grueling regular season? Then select playoffs, pick your team and see if you can lead them to the Championship series.

Tournament
Set up a 4, 8, or 16 team tournament.

Credits
View the names of the people that created NHL 2K2.

Quick Start
Jump right into the action.

Rosters
Trade players from team to team to adjust your favorite team's roster.

Records
View your user created records.

Settings
Adjust the game settings. See page 22 for a further explanation.

Coaching Strategies

With NHL 2K2 you get to control the offensive and defensive tactics of your team by implementing these coaching strategies. Use the controls listed below to cycle through the styles of play.

Button | Action
--- | ---
D-Pad Left | Previous Play
R Trigger + D-Pad Left | Less Aggressive
D-Pad Right | Next Play
R Trigger + D-Pad Right | More Aggressive

Coach's Corner: Penalty Killing

When your team makes a mistake and gets whistled for a penalty, the offending player will get sent to the penalty box. With player(s) in the penalty box, you'll have to play one or two men down. Your objective during a penalty killing situation is to keep the puck out of your zone. Don't worry about trying to score - just get control of the puck and dump it down the ice. You're trying to kill time so you can get back to full strength.

SELECTING YOUR TEAMS

Once you've selected the type of game you want to play, you will be brought to a screen like this one. This is where you get to select your team. Push the analog stick left to choose the away team, or push right on the analog stick to choose the Home team. Use the L and R triggers to cycle through the teams and then press the START button to make your selection.
Chris Drury

Do you know Chris, one of the NHL's rising stars? Chris Drury exploded onto the scene in the 1998-99 season with 80 goals, 24 assists - good enough to land him the Rookie of the Year honors. So what did he do for an encore? The young Avalanche center poured in 20 more goals and 47 assists in his sophomore season. Then during his third season, he was a big key to leading Colorado to the Stanley Cup with 24 goals and 41 assists.

**Career Highlights**
- 1999 Calder Memorial Trophy Winner (given to the Rookie of the Year)
- Played College Hockey for Boston University where he is the all-time leading goal scorer with 113
- Was the winning pitcher in the 1989 Little League World Series

OFFENSE

Breakout (puck is in your zone)
Board
Good for defeating a team that is aggressively forechecking.
Positional
Use this when your skaters aren’t as skilled as the defense.
Free Flow
Use this when you have good skaters on the ice and the defense is not putting a lot of pressure.

Move Out (puck is in the neutral zone)
Positional
Good for a Dump and Chase attack.
Regroup
Take a moment to reset your offense.
Chase Cross
Set your skaters running across the ice to build up speed.

Offensive Zone
Positional
The Forwards will come straight across the ice.
Triangle
The Forwards will be on the same side of the net, cycling the puck looking for the open shot.
Overload
Get a player in front of the net. If you’ve got big players, stand one of your big men up in front of the goalie to pick up the rebounds.

DEFENSE

Forecheck (puck is in the opponent’s zone)
1 - 4
A conservative attack where only the center is forechecking.
2 - 2 - 1
This is an aggressive attack, a good play for big teams.
1 - 1 - 3
Use the Zone forecheck to slow down faster teams.

Neutral Zone
1 - 1 - 3
This aggressive attack will really press for turnovers.
1 - 2 - 2
This conservative attack is best used to slow down faster teams.
2 - 1 - 2
A zone trap is an advanced defensive technique designed to force the puck to the outside.

Defensive Zone
Zone
This is a safe defense to call, except when you are outmanned in a penalty killing situation.
Box and 1
Another zone defense, this one keeps a man in the slot.
1 - 2 - 2
This is a combination of zone and man coverage.
FACE-OFFS

Offensive: Looks for the immediate shot off the break or an immediate break down the ice.

Normal: Good when face off is taking place in the neutral zone.

Defensive: The defensemen will drop back and cover the net on the break.

SPECIAL TEAMS

Power Play
2 - 1 - 2: A balanced attack when you have a man advantage.
Funnel: Players attack the net, a good offense to pick up long slap shots and rebounds.
Wing Off Side: This attack looks for the one-timer.

Penalty Kill
Box: The defensemen take positions in a square covering as much ice as possible.
Diamond: This offers more protection right up the middle.
Triangular: A good defense when you have two men in the penalty box.

LINE CHANGES

The longer your players are on the ice, the more fatigued they become. Your best chance at winning the game comes when you keep your players fresh. Use the controls listed below to get new players out onto the ice. Don't call for a line change when the other team is attacking your goal. Wait for your players to cross center ice, then dump the puck into the offensive zone and switch out your players.

<table>
<thead>
<tr>
<th>Button</th>
<th>Action</th>
</tr>
</thead>
<tbody>
<tr>
<td>D-Pad Up</td>
<td>Next Offensive Line</td>
</tr>
<tr>
<td>R Trigger + D-Pad Up</td>
<td>Previous Offensive Line</td>
</tr>
<tr>
<td>D-Pad Down</td>
<td>Next Defensive Line</td>
</tr>
<tr>
<td>R Trigger + D-Pad Down</td>
<td>Previous Defensive Line</td>
</tr>
</tbody>
</table>

NOTE: With Power Play or Penalty Kill lines on the ice, pressing up or down on the D-Pad will change the entire line (3, 4, or 5 players depending on the situation).

Coach's Corner: Be careful when you're passing

Be careful when you pass the puck. Try to avoid passing it from one side of the ice to the other. When you make a long cross-ice pass, the chances of a defender skating in between and picking it off are high. This is how a lot of breakaway opportunities happen.
Pause Menu

Press the START button during the game to bring up the Pause Menu. From here you can select from one of the following options:

**Replay:**
Review the previous play again and again.

**Stats:**
Break the game down with all of the numbers - shots, saves, hits, and much more.

**Lines:**
Edit your lines to mix up your player combinations. Get the hot goal scorer up onto your number one line to maximize his playing time.

**Time Out:**
You don't see many time outs in hockey, but if your team needs a break you can call one. It is the perfect way to get your best players a little breather at the end of a period without having to sit them for a shift.

**Quit:**
Leave the game and go back to the main menu. The game will ask you to confirm that you really want to quit before leaving the game.

**Camera:**
Select from one of the many camera angles available in the game. Select the one that gives you the best view of the game.

**Pull Goalie:**
You can always pull your goalie to get an extra skater out on the ice. Do this when you are down a goal and the face-off is in your opponent's end of the ice.

**Controller:**
Change which team you are controlling.

**Settings:**
See page 22 for the details of this sub-menu.

Replay Controls

Want to see that beautiful one-timer again? Then bring up the Replay feature of NHL 2K2 from the pause menu to view it again and again. Change the angle, zoom in on zoom out, and you can see the shot sneak past the goalie. It's like you're in charge of your own highlight reel.

<table>
<thead>

</tr>
</tbody>
</table>

**NOTE:** While moving the aim indicator, you can also "lock on" to any player to follow them throughout the entire replay. To do so, simply move the aim indicator directly on top of whatever target you wish to track.
**Settings**

When you select Settings from the Pause Menu, you will go to this sub-menu. From here you can adjust the following:

**Presentation:** Change all of the audio and visual cues in the game. You can adjust player indicators, turn the offside indicator on and off, change the sound, volume and in game commentary. Customize your NHL 2K2 playing experience to best suit your liking.

**Controller:** Take a quick look at the current controller configuration (which buttons do what). Also, toggle between Basic and Advanced Controls.

**Options:** View the Options Menu. See Page 23.

**Exit Settings:** Return to the previous menu.

---

**Coach's Corner: Icing**

Icing occurs when a team passes, shoots, or deflects the puck across the red center line and then past the red goal line in that team's offensive zone without being touched by another member of that team. With NHL Icing rules, the penalty is not called until the defensive team touches the puck after it crosses the red goal line. If the offensive team touches the puck before the defensive team, icing is not called. With International Icing rules, the penalty is called as soon as it crosses the red goal line.

---

**Options**

- **Skill Level:** Rookies / Pro / All-Star
- **Game Speed:** Slow / Medium / Fast / Lightning
- **Icing:** Off / Auto / NHL / International
- **Offside:** Off / On
- **Two-Line Pass:** Off / On
- **Penalties:** Adjust the frequency of penalties
- **Fighting:** Adjust the frequency of fights
- **Away Line Changes:** Auto / None / Manual
- **Away Coaching Changes:** Auto / Manual
- **Away Goalie:** Auto / Manual
- **Home Line Changes:** Auto / None / Manual
- **Home Coaching Changes:** Auto / Manual
- **Home Goalie:** Auto / Manual
- **Injuries:** Adjust the frequency of injuries

---

**Saving / Loading**

The game automatically saves data for you after you exit a mode (Season, Tourney, Playoffs, etc), if you have a VMU with enough room to store them (128 Blocks).
